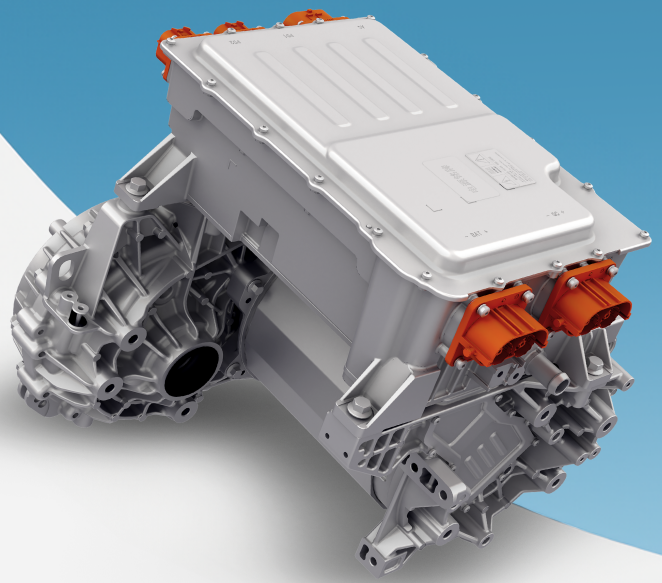
EDELIVER 5

The Weststar Automotive Division is one of Malaysia's most renowned vehicle importers and distributors with close to 25 years of experience in the automotive business.

We are proud to be associated with SAIC - Maxus, a Fortune 500 company in introducing the Maxus range of vehicles to Malaysian market. This range includes the generation of Britain's most iconic van, the Maxus V80.

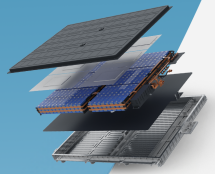
As of year 2021, The Group has also been among the pioneers in driving the EV vehicle segment in Malaysia, both for the passenger car and also the commercial van market segment.



ELECTRIC POWERTRAIN

The eDeliver 5 electric motor boasts an impressive maximum power of **120 kW**, delivering a peak torque of **240 Nm**. This performance allows the eDeliver 5 to accelerate from 0 to 100 km/h in just 10.7 seconds, making it a powerful and efficient choice for electric vehicle enthusiasts.

SAIC is leading the automotive industry's technical revolution with innovative solutions. As pioneers in battery technology, we've developed advanced options for the eDeliver 5. Our cutting-edge cooling methods achieve rapid DC charging in 45 minutes (5% to 80%) and optimized AC charging, extending battery life and range. The eDeliver 5 features a powerful 120 kW / 240 Nm motor, versatile AC/DC charging options, and flexible battery configurations to meet diverse needs.

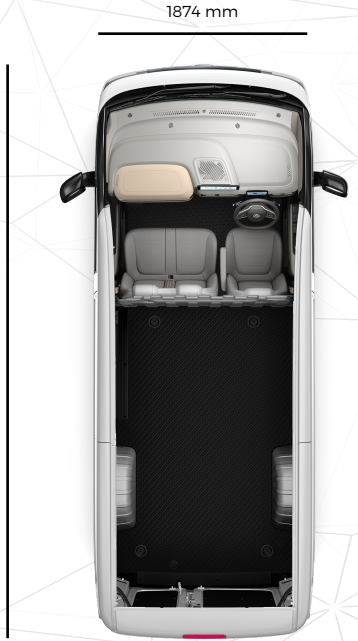


Sleek Dimensions

The eDeliver 5 boasts impressive dimensions, with an overall length of 4800 mm, a width of 1874 mm, and a height of 1960 mm. These measurements ensure ample space and a commanding presence on the road.

Robust Payload

In terms of payload, the eDeliver 5 is designed for efficiency and capability. It offers a Gross Vehicle Weight (GVW) of 3050 kg, a Cargo Vehicle Weight (CVW) of 1850 kg, a Payload Capacity of 1200 kg, and a Gross Train Mass (GTM) of 4550 kg, making it a versatile and reliable choice for various transportation needs.



The eDeliver 5 has earned the prestigious 5-star Platinum rating from Euro NCAP, a testament to its exceptional safety standards and advanced technology. This top-tier rating reflects SAIC's commitment to producing vehicles that prioritize driver and passenger safety, incorporating cutting-edge safety features and robust engineering. With the eDeliver 5, you can enjoy peace of mind knowing you're driving one of the safest electric vehicles on the market, backed by the highest level of recognition from Europe's leading safety assessment program.

Built Around The Driver

The eDeliver 5 is designed with a cutting-edge 12.3" touchscreen that integrates MP5, USB, Bluetooth, Wireless CarPlay, Android Auto, and DAB, offering unparalleled connectivity and entertainment. Complementing this is a stylish PVC multifunctional steering wheel, which enhances both comfort and control. For added peace of mind, the touchscreen also features advanced security systems, seamlessly combining convenience with safety.
